

JOB DESCRIPTION

Position Title	:	Lecturer in Dental Technology
Department	:	Dentistry
Report to	:	Dean of Dentistry
Reportee (if any)	:	N/A
Location	:	University of Puthisastra, Phnom Penh

I. Position Summary:

Provides teaching (theory and practical) to dental students in order to develop their understanding and skills related to dental anatomy and dental technology as it relates to clinical dentistry. Carry out dental lab work for UP Dental Clinic patients. Develop dental technician training courses and improve the dental lab facilities at UP.

II. Duties and Responsibilities:

The overall job description below outlines the main areas of responsibilities of the Employee:

- Review and develop dental technology curricula for undergraduate dental students
- Teach the theory of dental technology and demonstrate laboratory procedures, then supervise students as they perform the required tasks (>21 hours contact time per week)
- Assess students and provide feedback on both theory and laboratory parts of the course
- Manage the dental laboratory to ensure a safe, clean and efficient working environment for students and staff
- Carry out technical work for UP dental patients, as appropriate
- Monitor the work of the dental laboratory assistant and other dental technicians (as appropriate)
- Maintain and update an inventory of dental laboratory equipment and materials
- Work closely with lecturers in each clinical discipline to ensure that dental technology is integrated with the theory and clinical teaching in other subjects
- Determine the equipment and materials that will be needed for each semester and send to the procurement officer to purchase before each semester starts
- Develop and collect teaching resources to improve the learning of the students
- Maintain, repair and replace (when lost or broken) instruments and equipment
- Develop training courses for dental technicians
- Help to improve the facilities in the UP dental lab
- Perform other duties as assigned by Dean/ Deputy Dean/ Assistant Dean

III. Minimum Qualifications and Requirements:

1. Experience:

- At least 2 year experience working as a dental technician
- Experience in dental ceramics preferred
- Shows excellence in dental lab work
- Previous teaching experience desirable
- English and Khmer language proficiency desirable

2. Education:

- Certificate/Degree as a Dental Technician
